“Certain geographic regions are experiencing robust markets as large industrial, data center, and energy-related projects move forward. These regions are experiencing above average increases in wage rates. Promoting job opportunities in growing markets and offering attractive work environments for the work force alleviates some of the pressure in a tight labor market.”

Attilio Rivetti  
Vice President

The Turner Building Cost Index is determined by the following factors considered on a nationwide basis: labor rates and productivity, material prices and the competitive condition of the marketplace.
