

Realizing Visions

Turner City® 2021 is a visualization of our work delivered by our people using advanced modeling and 3D printing technologies. The illustration celebrates the completion of our work on complex and challenging building projects of all sizes and types—schools and hospitals, stadiums and museums, airports, data centers, offices, and more—around the world. Through our work, we are realizing visions and making a difference in the lives of people, clients, and communities.

Turner City® 2021

Turner City® is an annual tradition since 1910 that highlights projects we successfully complete each year.
